

Extension of Public Comment Period
Best Available Control Technology Determination
For
Control of NO_x Emissions
M.R. Young Station

The public comment period on the Department's preliminary Best Available Control Technology (BACT) determination for the control of nitrogen oxides (NO_x) emissions from the M.R. Young Station has been extended to August 1, 2008. All comments must be in writing and received by 5:00 p.m. CDT on August 1, 2008.

Public comments should be directed to Terry L. O'Clair, Director, Division of Air Quality, North Dakota Department of Health, 918 E. Divide Ave.; 2nd Floor, Bismarck, ND 58501-1947.

Dated this 8th day of July, 2008

Terry L. O'Clair
Director
Division of Air Quality
